For some time past he acted as agent for the Utah Sugar company in closing contracts for the beet crop. He leaves a wife and five children, three sons and two daughters to mourn his loss. Funeral services were held at the First ward meeting house this afternoon at one o'clock.

GATHERED FOR THE READERS OF THE DEMOCRAT.

Utah Sugar Company Dividend—Work for Springville Contractors—New Water System for Santaquin—Accident at Payson—Death at Springville—Other Matters of Interest.

The annual meeting of the Utah Sugar company will be held in Salt Lake tomorrow, at which time officers and directors will be elected and a stock dividend of 25 per cent paid out of the treasury stock, amounting to 75,000 shares. This distribution will bring the total issue of stock up to 375,000, and the articles of incorporation provide for 1,000,000 shares. The last season was a most successful one for the Lehi factory, and the company has a large reserve fund on hand. Extensive improvements are now under way at the factory, and it is announced that during the coming summer the company will expend \$500,000 on the present plant and in the erection of a new one in Utah county, which will probably be placed at Springville. The new plant will be erected in time for operation this coming fall. The cultivation of the sugar beet is a profitable industry and is instrumental in vastly increasing the profits of the farmers in this county. The prosperity of the Utah Sugar company is a matter for congratulation by all the people of Utah county.

FELL FROM A SCAFFOLD.

Tragic Death of William Powell at Payson.

William Powell fell from a scaffold this afternoon and broke his neck. He died instantly. He struck on his head and made a deep impression by the fall.

He was 54 years of age and leaves a wife and eight children. He was a mason and was repairing a chimney. He worked on Salt Lake Temple cutting stone years ago. He was well known here and throughout the country. The funeral will be held on Thursday.—Payson correspondence Herald, April 4.

Mrs. Sarah Lambson Dead.

Mrs. Sarah Lambson, one of the early settlers of this city, passed away this morning at 9 o'clock after an illness of several weeks. She was born in Mexico, Osego county, N. Y., April 12, 1833. She crossed the plains with her husband in 1861 and settled in Springville, where they made their home. Her husband died when their family of five children was quite young, and Mrs. Lambson was left the bread winner of the family. But by hard, industrious labor she raised her children, who are all still living to mourn her death. Mrs. Lambson was highly respected by all who knew her and she leaves behind a large circle of friends.—Springville correspondence, Tribune, April 4.

The Utah County Grading company of Springville, consisting of Crandall Bros., Harwood Bros. and Dave Malcolm sent an outfit some time this week to the Medicine Bow country, Wyoming, where they have a contract for ten miles of grading on railroad

work. They will take about one hundred teams from Springville. Our sister city is getting a reputation for railroad work.

City Council.

At the meeting of the city council Monday evening the protest against the use of the factory race for a sewer outlet was tabled.

Knight & Sons presented a proposition to put in an electric light system and give the city the privilege of purchasing in five years for actual cost without interest. Matter was referred to committee on lighting. One feature of the discussion which would be surprising if in any other body except the Provo City council, was the determined opposition of members to such a needed improvement.

Routine business and allowance of claims completed the session.

Bean Will par.

Willard Bean received a letter Monday from the brother of Joe Chonyski, who is now in San Francisco, stating that Joe would be in Salt Lake about April 11th, on his way east, and would like to arrange for a sparring match with Bean. Willard went to Salt Lake last evening to see if details can be arranged. The match may come off either in that city or Provo.
